## SUMMARY

**B.Tech in Computer Science and Engineering Student | Aspiring Software Developer** Motivated and detail-oriented Computer Science and Engineering undergraduate at Sanjivani University, with a solid programming and system design foundation. Skilled in **Java, Python, and UI design in Android and web applications**. Experienced in Projects like **"NPK soil nutrients analysis system"**. Passionate about leveraging technical expertise to innovate and solve complex challenges in the field of Programming and teamwork.

## EDUCATION

### 2021-2024

Gautam Polytechnic  
Institute, Kolpewadi

### Diploma In Computer Engineering

I completed my computer engineering diploma at Gautam Polytechnic Institute with a 79.31 % percentage.

### 2024 - On going

Sanjivani University,  
Kopargaon - 423601

### B.Tech in Computer Science and Engineering

I am pursuing my B-tech Computer Science and Engineering degree at Sanjivani University

## SKILLS

### Technical

- Java
- Front-End
- Python
- C & C++
- HTML
- CSS

### Soft

- Team Management
- Problem Solving
- Quick Lerner

## PROJECT

### NPK Soil Nutrients Analysis System

Me and My Team have implemented an NPK ( Nitrogen, Potassium, Phosphors ) soil analysis system this project aims to detect nutrients from the soil the system helps farmers understand the soil condition.

## INTERSHIP

3 June - 13 July

Thought Bliss Solutions

### Python

I have successfully completed Industrial Training from 3 June to 13 July in python at thought bliss solution

## CERTIFICATION

---

- Java fundamentals at Oracle
- Full Stack Developer Bootcamp at Geeksforgeeks
- MongoDB Developer's at GeeksforGeeks
- Python at TBS

## EXTRACURRICULAM ACTIVITY

---

- Participant in Dipex Idea Presentation-2025

## LANGUAGE

---

- English - Intermediate
- Marathi - Native
- Hindi - Native
- Japanese - Beginner

## HOBBIES

---

- ·Playing and Watching cricket
- ·Playing BGMI E-Sport
